

FAPTURBO JANUARY PERFORMANCE ON MY PRIVATE LIVE ACCOUNTS

All results are from **LIVE** accounts, not demo trading. Let the numbers speak for themselves.

FXDD. Total profit: \$ 1 812

Comments: In the beginning of January I made few risky trades (during the holiday season on the long term strategy) that turned out into losers however later they all were covered by profits so in overall the month brought nice profits \$1812 on 15K live deposit. The last week had no trades because my VPS with this account went down.

FXPRO. Total profit: \$ 349

Comments: Very good month for FXPRO trading. I made a small deposit of \$500 in the end of December. Current balance is \$945 which means that it is nearly doubled during 30 trading days. Of course I had few losses but the end result is very impressive.
